My dear Mrs. DeVault:

I have just made a trip to see the Doctor and found his Office locked and he away from home. I then asked Dr. E. F. Kahle, the Presiding Elder, ~~at Abingdon~~ Abingdon and he said he knew the mother and she was a very bright girl. He knew her when a school girl. Rather above the average. Did not know of any insanity in the family. I have tried in every way to get the Doctors Certificate, both by wire and by special delivery.

I hope you will enjoy your southern trip and not get too tired on your journey with your precious babies.

I have just placed the brown eyed baby girl from Richmond, in a splendid home, also a little two year old boy, in Lynchburg. This child was deserted by his mother last Sunday, and committed Monday and placed the same day.

With kind regards, I remain

Sincerely,

L. C. M.

I have been away all the week. I will go to Richmond next week.

To Whom it may concern:

Mrs. Mills, the mother of Frank & William Mills, is an intelligent woman, was considered a very bright girl when in school. She is apt, bright, and fairly educated for her chance. No insanity in the family.

Respectfully,

Rev. E. F. Kahle,

Abingdon, Va.

Dear Mrs. DeVault,

I am enclosing you a certificate from Dr. J. A. Nobler, who was with the mother, when the twins were born. He speaks well of the people I hope this will be satisfact ory.

I hope you will have a pleasant trip and be ready to place a beautiful little blue eyed girl baby on your return.

Sincerely,

(Miss) L. C. Maddox, Sec'y,

Re-The Mills' Twins. William & Frank Mills.

October 14, 1923.

The Mills' family are a very healthy and long lived people--  
With no insanity, Epilepsy, Cancer or T. B. except one sister  
of the mother of the twins, who died with T. B. 13 years ago.  
The mother is intelligent, but raised under bad envirements.  
The father of the twins is intelligent. The twins seem to be intelligent  
intelligent and have enjoyed perfect health (except they had hooping  
cough in may and June of this year) since birth. I delivered them.  
They were born, April 26, 1923. Mother is 28 years of age. Healthy  
and free from any venereal disease.

Very truly,

J. A. Nobler, M. D.

Mrs. J. Lester Stark,  
 Orange, Texas.

Dear Mrs. Stark:

Your letter of the 25th to Miss Maddox is referred to this office. We are pleased to give you the following information in answer to your questions:

Frank Robert Mills was born April 26, 1923 at 11:30 A. M.

William Patterson Mills was born April 26, 1923 at 11:55 A. M.

Dr. J. J. A. Noblin was the attending physician. I send you a copy of the Doctor's statement as to the health of the children and the family. I would just add to the Doctor's statement that the father of these twins is not living with the mother and the mother was not in a position to give the children any proper care and training.

We are pleased to know that these little boys have found so favorable a home where, I am sure, they will receive the best care, attention and affection. And we trust they will grow up to be a credit to you and the organization from whom you received them.

Very cordially yours,

Superintendent.

Dear Dr. Noblin:

Will you please let me know as much of the Mills' family as possible. I have an excellent home for the twins and the people that want to adopt them demand a history of the family, as to whether or not there is any insanity in the family. If the mother is considered an intelligent woman. Do you know the father of the twins? If so, do you consider him an intelligent man?

Thanking you in advance for this information, I remain

Sincerely,
